Design Requirements

• Dimensions provided are proprietary to FedEx Office JW Marriott Austin and are only applicable to FedEx Office approved material.

• Artwork will need to be created per graphic location (exact dimensions to ensure proper proportions)

• All dimensions provided account for bleed and mullions.

• Keep text, logos, images min. 1” – 2” away from the edge of print area

• Material will be trimmed and 1” – 2” could be cut off of each edge (top/bottom/left/right)

• If multiple windows are being used to produce one large, cohesive image, separate print files must be sent for each window

• Minimum of 200 dpi resolution at full size of actual finished product

• If submitting a “vector” file, the customer will need to include all fonts, or convert fonts to outlines or paths (only need for contour cuts)

• If any of the pieces require contour cutting, the trace/cut lines must be included/embedded into the file as a separate layer and in an easily distinguishable color

• PDF – print ready file will be the expectation for all files

• Print files that require scaling may not be completely accurate once the material is installed.

• With larger files, please do quarter scales – such as 25%. 50% or 75% to scale only.

• NO crop or Registration marks

Print Submission Deadline: All Ads are due August 1, 2019
