

# PEOs vs Platforms

## What's the difference?

You can't click your way out of an HR issue.

*Algorithms and drop-down menus can't always provide all the information and answers you're looking for.* Self-service point and click HR platforms can't give you the customized, personal assistance you need to successfully administer and manage human resources. *A PEO can.*

### With a PEO You Get:

A technology platform backed by hands-on service

A voice on the other end of the phone when something goes wrong

A full-service team of HR and employment experts

A proven business model regulated by state and federal agencies

Enhanced liability protection

Big-business benefits at a competitive cost

**27%**

ROI of using a PEO

**7-9%**

How much faster companies that use PEOs grow

**12-14%**

Lower employee turnover for companies that use PEOs

**50%**

Less likely to go out of business

There are some things you can't click your way through...there's a better way. Get the benefits of technology and the assurance of a trusted advisor when you need one: **PARTNER WITH A PEO.**
